Model 2240 .22 Caliber (5.5 mm)  
Model 2250 .22 Caliber (5.5 mm)  
Single Shot Pellet CO2 Airgun

OWNER'S MANUAL
READ ALL INSTRUCTIONS CAREFULLY.  BUYER AND USER HAS THE DUTY TO OBEY ALL LAWS ABOUT THE USE AND OWNERSHIP OF THIS AIRGUN.

Congratulations and thank you for purchasing the CROSMAN Model 2240 or Model 2250 .22 caliber (5.5 mm) pellet airgun.  Please read this owner's manual carefully and keep this manual in a safe place so you can refer to it in the future.

WARNING:  This is not a toy.  Adult supervision required.  Misuse or carelessness may cause serious injury or death.  The Model 2240 may be dangerous up to 150 yards (137 meters).  The Model 2250 may be dangerous up to 175 yards (160 meters).

1. Learning the Parts of Your New Airgun

A. Installing and Removing CO2 Cartridge

B. To Take the Airgun “OFF SAFE”:

C. To Put the Airgun “ON SAFE”:

D. Loading and Unloading Pellets

E. Aiming and Firing Safely

F. Reviewing Safety

WARNING:  Lead pellets.  Do not inhale dust or pellets in mouth.  Wash hands after handling.  This product contains lead, a chemical known to the State of California to cause cancer and birth defects or other reproductive harm.

Like all mechanical devices, an airgun safety can fail.  Even when the safety is • ON SAFE, the safety is not “ON SAFE” unless it is pushed all the way in and the RED ring around the left side of the safety is visible.  The safety is not “ON SAFE” unless it is pushed all the way in and the RED ring around the left side of the safety is visible. If you drop your airgun, visually check to see it works properly before customer service for assistance before using your airgun again.

Before you store your airgun, make sure that it is unloaded, not charged, and that the airgun is “OFF SAFE.”
