Ashland Match Report Feb. 6th 2016 (SUBMITTED BY EMAIL)

Today, we had a perfect day of weather here in Ashland Or. The really cool weather station my wife bought me for my 66th birthday, showed the barometer climbing last night and still rising in the morning, as a sweet little high pressure graced our day with a high of 62 and light winds from 0 to 4 mph from three different directions.

We had six competitors test their skills on the rifle course. Jim Poh came all the way up from the bay area, and Randy Ebersole brought a new shooter, Jacob Sumner, who shot great for his first match. Bob Pont, Mark Gravelle joined me to challenge the steel quarry.

The course is 51 shots, one shot per target, over 17 lanes with 3 targets each. After my last minute tweaking of the course, it was avg. 33.2 Troyer, with 14 shots past 45 yards and the hardest target being a 41 Troyer. The wind was just enough at times to force you to hold out of the kill zone up to 1 inch on the long ones, and at the times I thought I didn't need that much, I missed. After the match, I could see by the misses, that even the 3/4 inch at 28 yards, or 1 at 35, folks weren't holding off enough. It would seem like you're in a lull, by the flag on your gun, but it was still blowing thru the little canyon way more than it looked. I should know that, but I get fooled way too often!

But one shooter, Randy, was way better at reading it, he shot a very impressive 48/51 for the high overall score. He has that Marauder and 3-12 Center Point dialed in for sure! Hunter class folks, watch out this season!

Bob and I fought it out for a distant second and third, Bob with a 42/51 and me with a 44/51. Jim shot WTF Piston with his TX 200, but it was 8 clicks off on his first shot, and had to make a new chart as he shot the course. Fortunately, I had painted the targets and he could see where he hit. So, really he did great with a 32/51, cleaning 4 lanes after he got some numbers to work with. Jacob and Mark had some equipment issues to sort out, and shot the course for fun this day.

PCP

Randy Ebersole - Marauder - .177 JSB 10.4 - 3-12 x44 Center Point - 48/51

Wayne Burns - USFT 144 - .22 cal AA 13.4 - BSA 10-50x60 - 44/51

Bob Pont - Marauder FT stock - .177 JSB 8.44 - Hawke 8-32x56 - 42/51

WFTF 12fpe Piston

Jim Poh - .177 JSB 7.9 - Sightron 10-50 - 32/51

Randy came close, but no one "Cleaned" the course, so, the prize package will be ready for the March 5th match.

BTW, I played around after the rifle match with the Diana 36 that is part of the prize package, to see how it was shooting after the new spring and tune Allan did to it. Wow, is it sweet! I was getting 90% on the new BBB (Basic Break Barrels), course, and it's tough to switch right after my super light trigger on #144. This is a real sweet shooter now, and whoever wins it will love it! Clean either course and win the package, which includes a \$500 gift certificate from Mac One, and a great selection of pellets from Top Gun, and also adding a set of regulators for Marauders and 1701 pistols, from Air Superiority. They are really dependable regulators, folks. We have them on our club members Marauders and they are great!

Respectfully submitted,

Wayne Burns,

Match Director,

Ashland Air Rifle Range
